

CURRICULUM VITAE

Dorothy Kim Waller, Ph.D.

Updated 010/05/2017

Education

- 1971 High School Graduate
Enterprise High School; Redding, California
- 1975 B.A. Biology
University of California at Santa Cruz
- 1979 B.S. Nursing Science
University of California at San Francisco
- 1986 Master of Public Health
University of California at Berkeley
- 1991 Ph.D. Epidemiology
University of California at Berkeley

Professional Appointments

- 2002-2004 Convener of the Discipline of Epidemiology
The University of Texas Houston Health Science Center
School of Public Health
- 2000-Present Tenured Associate Professor of Epidemiology
The University of Texas Houston Health Science Center
School of Public Health
- 1992-1999 Assistant Professor of Epidemiology
The University of Texas Houston Health Science Center
School of Public Health
- 1988 - 1991 Project Director
Genetic Disease Branch, California Department of Health Services
- 1986 - 1988 Research Associate
The University of California at Berkeley
Data analysis for a large study of serum lipids, beta-carotene,

retinol and whole blood selenium in cancer patients and their families.

- 1983 - 1984 Public Health Nurse
Santa Cruz County Health Department
Santa Cruz, California
- 1979 - 1984 Registered Nurse, Labor and delivery, neonatal care and post-partum
Santa Cruz Community Hospital, Santa Cruz California

Honors and Awards

UTSPH Nominee for McGovern Teaching Award, 2014

Deans Teaching Excellence Award, 2008

Teaching Award for UTSPH, Division of Epidemiology and Disease Control, 2008, 2010

UTSPH Excellence in Scholarship Incentive Award for Fiscal Year 1995, 1996, 2000, 2008

UTSPH Excellence in Research Incentive Award for Fiscal Year, continuously from 1998-2014

UTSPH Nominee for President's Award for Mentoring Women, 1999 & 2004

Reviewer for Peer-Reviewed Journals

American Journal of Epidemiology
American Journal of Medical Genetics
American Journal of Perinatology
American Journal of Preventative Medicine
Annals of Epidemiology
Archives of Pediatric and Adolescent Medicine
Birth Defects Research Part A
British Medical Journal
Chronobiology International
Cleft Palate Craniofacial Journal
Environmental Health Perspectives
Environmental Research
Epidemiologic Reviews
International Journal of Environmental Research and Public Health
JAMA
Journal of Epidemiology and Community Health
Journal of Obstetrics and Gynaecology Research
National Birth Defects Prevention Study (Internal Reviewer)
New England Journal of Medicine
Obstetrics & Gynecology

Paediatric and Perinatal Epidemiology
PLoS ONE
Prenatal Diagnosis
Radiation and Environmental Biophysics
Reproductive Sciences
Teratology
Texas Public Health Journal

Lead Mentor for Doctoral Dissertations (current position)

Makhdum Ahmed, PhD, 2017: Maternal exposure to specific types of oral contraceptives and birth defects

Renata Benjamin, PhD, 2016: Maternal fish consumption and risk of preterm or small for gestational age infants

Hyeyeun Lim PhD, 2014: The association between ionizing radiation and birth defects, (Post-doctoral fellow, Radiation Epidemiology Branch, NCI, Bethesda MD).

Melanie McNeese PhD, 2013: The association between maternal parity and birth defects, (Epidemiologist, Houston Medical Monitoring Project, Houston Health Department)

Cindy Segal PhD, 2013: Risk factors for surgical site infections among patients undergoing major colon surgery in the US 2007-2009, (Associate Director, Perioperative Services for Head & Neck/Plastics/Ortho/Neuro Surgery Services, MD Anderson)

Susannah Wallace PhD, 2013: Intensive care unit utilization among patients with cancer at the end of life. (Senior Clinical Informatics Specialist, EHR Analytics & Reporting, MD Anderson Cancer Center)

Lockwood Taylor PhD, 2009: The association between maternal use of SSRIs during pregnancy and adverse pregnancy outcomes, (Epidemiologist, Federal Drug Administration, US government)

Michael Shayne Galloway PhD, 2008: The association between maternal use of spermicides, condoms, intra-uterine devices and progesterone and major structural birth defects. (Health Scientist, Centers for Disease Control, U.S. Public Health Service Commissioned Corps, Atlanta, Georgia).

Tuan Vo PhD, 2006: Parental demographic risk factors and occupational exposure to ionizing radiation for achondroplasia, thanatophoric and autosomal deletions in Texas, 1996-2002. (Physician/Epidemiologist, Public Maternity Hospital, Ho Chi Minh City, Vietnam)

James L. Anderson MD PhD, 2002: The relationship of maternal body mass index prior to pregnancy, gestational diabetes and congenital central nervous system malformations in the fetus and infant: a Texas case control study. (Associate Professor/ Chair of Biostatistics and Epidemiology, East Tennessee State University)

Arlene Keddie PhD, 2002: Is low parental education associated with congenital heart defects? (Associate Professor, College of Health and Human Sciences, Northern Illinois University)

Marilyn Felkner DrPH, 2001: Case-control study of association of maternal recall of diarrhea or use of antimicrobials in the periconceptional period and neural tube defects. (Epidemiologist, Infectious Disease Control Unity, Texas Department of State Health Services)

Wendy Nembhard PhD, 2000: First-year mortality and survival among infants with selected congenital anomalies in Texas, 1995 to 1997. (Associate Professor of Epidemiology, College of Public Health, University of South Florida, Tampa)

Colonel Michael Custer DrPH, 1999: Intendedness of pregnancy among active duty women in the U.S. Army. (Executive Director Public Health Command, US Army)

Baogang Wang DrPH, 1997: Birth defects among surviving children under seven years of age in Tianjin, China (unknown).

Lead Mentor for Masters Theses or Capstone

Syeda Uruba, MPH, 2017 (in progress): Maternal exposure to hot tubs and birth defects, an updated analysis

Melissa Stark, MD MPH, 2017: Bone graft substitutes in single or double level anterior cervical discectomy and fusion: A systematic review

Katherine Kurnit MD, MPH, 2017: Impact OF CTNNB1 (β -Catenin) Gene mutation and the wnt/ β -Catenin pathway in endometrial cancer

Natasha Wahab, MPH, 2017: Capstone

Wensheng Sun, MPH, 2016: Relation of Lipoprotein (a) and small dense LDL (sdLDL) to incident CVD: the ARIC study

Amy Hallmark, MPH, 2015: Exposure to the contraceptive patch and the contraceptive vaginal ring and birth defects.

Jonathon Crew MD, MPH, 2015: Risk Factors for community associated Clostridium difficile – associated diarrhea in children.

Titilola Balogun MPH, 2014: Infant breastfeeding patterns by sex: Do males feed more?

Hadil Bazerbashi, MPH MD, 2014: Capstone

Pavirtha Pattabiraman MPH, 2010: Secondary left ventricular ejection fraction response to beta blocker therapy in heart failure patients.

Kristen Correa MPH, 2010: Epidemiological trends in influenza A positive patients hospitalized at St. Luke's Episcopal Hospital

Julee Ann Rendon MPH, 2009: Predictive factors for vaginal douching and tampon use among U.S. women: Are these risk factors for bacterial vaginosis and trichomonas?

Kimberly Pieplow MPH, 2009: Epidemiology of isolated obstructive genitourinary defects in Texas: 1999-2003

Bobbiejean Garcia MPH, 2008: A systematic review of selected birth outcomes in diabetic women who received preconception care and/or used multivitamins prior to pregnancy

Pratiksha Amin MPH, 2008: A systematic review of the animal and human literature on the use of vaccines to prevent dental caries

Jessica Kan MPH, 2008: Differences in small-for-gestational-age and preterm birth among Asian subgroups in relation to nativity status

Pascal Kingah MPH, 2008: Maternal factors, fetal parameters and the risk of shoulder dystocia

James Michael Dunne, 2008: Demographics of having a gun in the home in Columbia, SC as reported by women primary care patients

Jing Wang MS, 2007: Prevalence of infantile hypertrophic pyloric stenosis in Texas: 1999-2002

Lum-Awah Atang MPH, 2005: A cross-sectional study of differences in the birth weight patterns of foreign-born and US-born women in the state of Texas

Inshirah Al Adli MPH, 2005: Review of literature on the rate of thyroid cancer among children exposed to radiation

Tracy Dawson MPH, 2004: Placental location and risk of adverse perinatal outcome.

Syed Hashmi MD, MPH, 2004: Prevalence of oral cleft in Texas: 1995-1999.

Lauren Spears MPH, 2003: Barriers to work of new clients of M-Powerment, a welfare-to-work program in Waco, Texas.

Norma Tejada MPH, 2003: Screening in the post-partum unit for child abuse.

Courtney Barr MPH, 2000: Clinical variables and breast cancer survival among women admitted to MD Anderson Cancer Center from 1985 to 1994.

Erin Fox MS, 1999: A cross-sectional study of blood and serum micronutrients and Helicobacter pylori seroprevalence in adolescents aged 12 to 19.

Sandra Acholonu MPH, 1998: Maternal obesity: is it a risk factor for major birth defects?

Yuwei Zhu MS, 1998: Risk of producing malformed offspring among women weighing equal to or greater than 200 pounds.

Jerry Miller MS, 1998: Mutagenicity of Helicobacter pylori as detected by the Ames test and its association with stomach cancer.

Michael E. Moloney MD, MPH, 1998: Prior born sibling birth weight and subsequent risk of offspring with neural tube defects to multiparous Hispanic mothers on the Texas-Mexico border.

Melissa Pujazon MPH, 1997: Prenatal diagnosis of birth defects in Texas Public Health Regions Six and Eleven.

Sucharitha Gunasekera MPH, 1997: Descriptive study of racial/ethnic differentials in teenage pregnancy, Texas 1995.

Simone Morris MS, 1997: The role of smoking on the development of lung cancer among women who received radiation treatment for breast cancer.

Ruby Benjamin-Garner MPH, 1995: A cross-sectional survey of knowledge and attitudes on cardiovascular disease prevention among graduating medical students.

Sophie Chemali MS, 1995: The relationship between maternal levels of hemoglobin during pregnancy and adverse pregnancy outcomes.

Hong Jiang MS, 1995: Pregnancy-induced hypertension and risk of low birth weight and preterm.

Thomas Spain MPH, 1994: Second-trimester levels of alpha-fetoprotein, estriol, and chorionic gonadotropin for Down's syndrome screening, correlated between successive pregnancies.
